

## NOTICE TO ALL ICE HOCKEY CAMPERS

The camper must supply his or her own skates, stick, helmet with facemask and all protective pads. As there is no storage facility at our campsite or at the arena, campers will be required to take home their equipment at the end of each day.

The Ice Hockey Camp program features a half-day of Ice Hockey Clinics plus a half-day of Camp Activities. The instructional ice hockey program includes lessons and practice in power and speed skating, stick handling, shooting, scoring, offense/defense, team play and goaltending.

If you have any questions please call the camp office at 905.428.0042
